Labor Candidate Marrickville By-election

## ECOTRANSIT LIES ARE AFFECTING YOUR PROPERTY

### HERE ARE THE FACTS ABOUT THE F6 AND MARRICKVILLE STREETS

The lemma Labor Government will not expand the F6 through the streets of Enmore and Stanmore

On the eve of a by election, the scare campaign regarding the F6 and the supposed bulldozing of houses through Stanmore and Enmore is just that - an unsubstantiated scare campaign.

Unfortunately it is a dangerous campaign that is having an impact on people trying to sell their houses.

The only thing being reviewed is the metropolitan road network. This is part of the lemma Labor Government's roads plan.

These lies are part of a concerted campaign to frighten people.

Ignore the lies and listen to the facts.
